

Dubrovnik is one of the world's premier tourist destinations and home to the splendid Hotel Kazbek...

## HOTEL KAZBEK:

# Embracing the heart of Dubrovnik

Hotel Kazbek was opened by Swedish investment company Pervanovo, who recently set about acquiring some of Dubrovnik's best located heritage buildings and restoring them to their former glory. Pervanovo's aim was to maintain the historic integrity of each building on their portfolio while installing the highest possible comfort levels. Originally built in 1573, the Hotel Kazbek is a glorious former aristocratic villa that offers guests a glimpse into the past while enjoying all the comforts of the modern day. The hotel is situated directly on the coast in the bay of Gruz, just three kilometres from the Old City of Dubrovnik.

Hotel Kazbek offers 12 double spacious rooms and one suite. Each room is a work of art and achieves a special harmony between the past and present. The hotel staff cherish its individuality. All of the thirteen rooms have been decorated and furnished individually to make your stay unique. Each room even have its own coat of arms taken from the old Dubrovnik ancestry. They also boast all the comforts guests have come to expect from a modern boutique hotel. For example, each room comes equipped with a "smart-room system" which includes air-conditioning, satellite and pay TV, mini bar, safe box and free wireless internet access. In order to add to the historic experience, each

individual piece of furniture at Kazbek has been hand-made evoking Dubrovnik's days gone by.
